About Our Handmade Soaps

Sahar Blends soaps are natural handmade soaps with all the goodness of plant-based oils, butters rich in nutrients, vitamins and antioxidants. They also include incredibly good ingredients that come straight from the Earth, like salts, clays, essential oils, plant leaves, Bach flower remedies and so on. All the soaps are free from artificial colors, artificial fragrances and strong chemicals.

The Goodness of Handmade Soaps

Handmade soaps are full of good skin-loving ingredients. They contain natural ingredients such as plant-derived oils, glycerin, essential oils, herbs, fruits, and are free from preservatives. In contrast, commercial soaps are made of petroleum-based lathering agents, synthetic fragrances, harsh dyes and dangerous preservatives.

Benefits of Essential oils vs. Fragrance oils

We use pure essential oils in preparing our soaps, which are environmentally friendly and skin-friendly. Essential oils are extracted from certain trees, shrubs, herbs, grasses, roots, fruits, and flowers. The oil is concentrated in different parts of the plant. They are very potent and have their own fragrance. Fragrance oils are purely synthetic. They are synthetically made chemicals found in most commercially offered skincare products. Fragrance oils are problematic because these compounds are drying and irritating to the skin, and are highly toxic, causing many other potentially serious health problems.

Handmade Soaps with Flower Essences

Our USP

The flower essences work extremely well with essential oils. They can be combined to create a soothing bathing experience that will support you immensely during the relaxing or rejuvenating process by bolstering positive vibrations, emotions and thoughts.

Customized Products

Our custom blends are healing tools that reflect your own personality and specially formulated to transform you from emotionally drained to an emotionally rejuvenated person. Blending is an art, like other art forms. In a carefully considered and calculated essential oil blend, a synergistic effect takes place.

So, let's begin. Customize your Handmade Soap.

- Are you suffering from any disease or disorder?
 - Are you looking for a soap to heal your specific skin condition?
 - Are you going through any skin allergies?
 - Is there any age-related issue?
 - Do you have any inclination towards any essential oil?
 - The price of the customized products will be decided after the initial consultation.
- 

Thank You!
